NOTICE FOR NON-POWER (RAIL MODE) CONSUMERS HAVING ARREAR AT NUGP SIDING

It has been informed by Barka-Sayal area that G 8 grade is currently not available for loading at North Urimari Siding (NUGP). Available grade for loading is G 6 grade. In given reference, all non-power consumers (Auction Mode consumers OR Linkage Auction consumers) having bid grade/ FSA Grade as G8 may opt for taking available grade i.e. G 6 grade coal.

Desirous consumers may submit consent for taking higher grade of coal and arrange for deposition of differential coal value by 03/10/2024. In case of Single Window Auction consumers who are not willing to take higher grade of coal and are not willing to wait for availability of bid grade till validity of allotments, they may apply for cancellation of indent and refund of coal value as per terms of Auction Scheme.

Dear Sir

In reference to auction dated 28/05/2024 and 02/07/2024 it may please be noted that auction was done for G 8 grade of coal. However loading was not being done considering non availability of bid grade coal. As informed by area, bid grade was to be available in some days and thus loading was not being commenced. It may also be noted that some allotments are going to lapse as per scheme of auction.

In given reference, it is requested to kindly inform regarding availability of bid grade at siding

As confirmed by the project authority, current transporting from birsa project to nugp silo is G6 grade.

This is for kindly information and needful action please.

With thanks
