Sub: Decentralization of Procurement of Centralized Items .

Dear Sir,

Items listed overleaf have been decentralized for procurement at Area Level.

These items should be procured at Area level observing all the formalities as per Purchase Manual and to the statutory specifications and standards, wherever applicable.

Since stock may be available at Central Store at present or material may be received against due on order, every purchase should be finalized at area level after obtaining **Non- availability** certificate from Central Stores and such **NA** should be part of **purchase proposal/TCR**.

The following conditions are also to be adhered while procuring the decentralized items:-

- 01) Corresponding fund/budget provision of these centralized items has to be transferred to the respective Areas.
- 02) Since same item will be/ likely to be purchased by different Area, proper check and balances to be ensured to avoid procurement at different rates.
- 03) Procurement etc as per norms and extant DOP.

In respect of Sl. No.-1 above, it may be noted that Budget for 2018-19 has already been approved and communicated to Areas, as such transfer of budget of these items may be difficult/time taking. Hence, Areas may take procurement action at their respective end and after approval the concerned file may be sent to HQ for BC. In case of consumables, the file may be sent to GM(S&IC) and in case of Spares/P&M/Capital items, the file may be sent to the HOD of respective technical department at CCL HQ. The required Budget for these items will be transferred to Areas from next Financial Year by way of making suitable adjustment at the time of preparation of annual Revenue /Capital Budget.

This issues with the approval of Functional Directors in its 33rd meeting held on 05.09.2018.

Yours faithfully,
(A.K. Thalur)
